509 PIA HAS A BIG YEAR AHEAD

As we say goodbye to the old year and welcome in the New Year, the 509 Paratroop Infantry Association is looking forward to a year full of memorable events on our Calendar. April 2-5, we will be honoring our **509th Man of the Year, Ernie Cochran**, at the 37th Annual Airborne Awards Festival in Atlanta, Georgia. (application & article on pages 6/7) **The 70th Anniversary of Operation DRAGOON/RUGBY** will be held in Southern France on August 9-16, 2014. (See Articles on 509 Event & WWII reenactment jump team pages 2/3). **The 509 PIA Reunion** site and date is not yet finalized, but will be in **Harrisburg or Gettysburg, PA**. The dates will coordinate with the 1st & 3rd Battalions rotation, and will be in the first two weeks of **September**. Watch for details in April Newsletter.

Richard D. Fisco died peacefully on Friday, December 13, 2013 at HillHouse Assisted Living. He was born on April 7, 1920 in Brooklyn, New York, the son of Joseph and Mary (Pagonini) Fisco. He joined the army in 1939 and eventually served as the lead scout with the 509th Parachute Infantry Battalion and the 5th Army. Richard met and married his beloved wife, Louise Cechetti on December 8, 1944, the day of the Immaculate Conception, in the Church of Notre Dame in Nice, France. Richard joined the New York City Fire Department in 1949. He served as a Lieutenant firefighter for 20 years and retired in 1969. He traveled to France often with his wife and son, Richard. He was made an honorary citizen of Saint Tropez, France. Richard is the author of his autobiography "Our Lives Will Be Beautiful" published in 2011. Dick Fisco now rests with his wife for eternity in France. The Mass and burial were very simple, only 25 people attended, most were from the family side of Louise, His wife.

We Have Our Orders

OPERATION ORDER 14-08

(Southern France 2014)

Situation. 15 AUG 2014 is the 70th Anniversary of Operation DRAGOON / RUGBY, the invasion and liberation of Southern France. America and France recognize the significance of this historic event in establishing a second front in France to rapidly bring about the destruction of the German war machine. As a result, France is conducting many celebrations and ceremonies to commemorate the historic event.

Areas of Interest: En Provence, Var, Alpes Maritimes, Nice, Cannes, St Tropez, LeMuy, LaMotte, LeMitan, Grasse, Draguignan, Trans en Provence, and Valbourges, France.

The 509th PIA conducts 70th Anniversary commemoration activities in Southern France on 08 – 17 AUG 2014 in conjunction with several allied organizations and the citizens of France to remember, honor, and serve the WWII Airborne Veterans, who participated in Operation DRAGOON / RUGBY.

Matt Anderson, our Webmaster and Board of Trustees member, is the Deputy Task Force Commander for this Operation, and is also an Instructor for the WWII Airborne Demonstration Team. He has been invaluable in working out the details of this event. 13 AUG 2014 (Wednesday) Airborne Operations. Airborne Command and WWII Airborne Demonstration Team conduct airborne operations on drop zone east of LeMuy. (Please see article and pictures on the WWII Airborne Demonstration Team next page)

WWII Airborne Demonstration Team

Remember, Honor, Serve

The WWII Airborne Demonstration Team Foundation was formed to honor and serve the memory of the men who fought and died to preserve America's freedom during WWII. The activities of the Foundation recognize and honor all those who served and survived that conflict.

The Foundation serves that honorable purpose through the participation of its members in active parachute jumping in the style of the WWII airborne soldier, utilizing an aircraft that actually participated in the invasion of Europe. These activities serve to further the memory of their unbending loyalty to the cause of freedom.

Further, it is the goal of the Foundation to foster, promote and engage in research of WWII airborne operations and military history and to inform and educate the public through airborne operations and demonstrations throughout the United States and Europe.

From the pilots, who fly the WWII planes, to the instructors, cooks, carpenters, maintenance, etc., everyone volunteers their time to this endeavor. They hold jump schools twice a year, in the summer and winter. They are located in Frederick, OK, and their website address is: wwiadt.org/

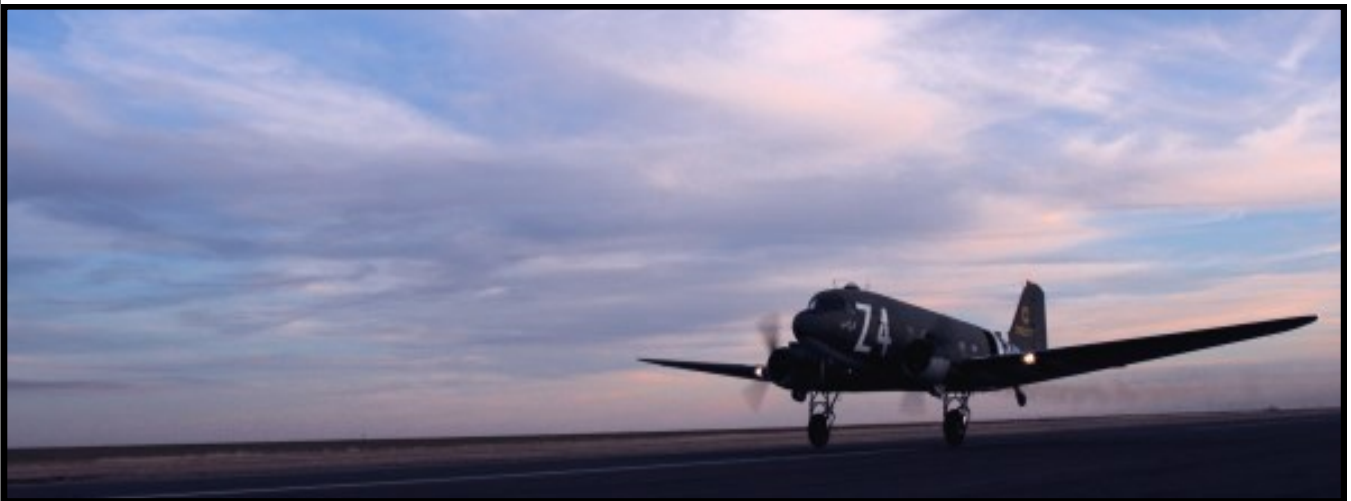

If anyone is interested in learning more about this amazing organization, they can go to their website or get in touch with Matt Anderson, or view the following links for some great video:

<http://www.kswo.com/story/24512324/airborne-students-to-make-first-jump-in-frederick>= and

<http://kfor.com/2014/01/27/great-state-airborne-dreams-in-frederick-ok/>

At the time of this newsletter there are approximately 35 509ers who may be attending, counting family members, guests, etc. The 509 PIA will be well represented in that number, which does not include any 1/509 or 3/509 that might attend, and does not include the members of the WWII Demonstration Team, who are jumping in.

This should be a memorable experience for us all, and a real tribute to the Original 509ers, who jumped in Operation DRAGOON/RUGBY in 1944.

1-509th IN (ABN) Airborne Assault December 2013

Who: 1-509th IN (ABN)

What: Conduct Nighttime Tactical Airfield Seizure

When: 11 December 2013

Where: Geronimo DZ, Fort Polk, LA

Why: To train individual Paratrooper tasks and exercise Geronimo mission command systems

Summary of Training:

As an Airborne battalion, Geronimo maintains the capability to conduct contingency operations Worldwide through Joint Forced Entry. Upon receipt of mission, Geronimo staff went into action and began planning using the Military Decision Making Process. This planning method incorporates the Commander's intent, intelligence assessments of enemy activity, course of action development, and war gaming strategies. At the conclusion of planning, the staff published an operations order. After receipt of this order, Geronimo Companies began executing the Troop Leading Procedures and readying the individual Paratroopers through pre combat checks and inspections. After a detailed Combined Arms Rehearsal and sustained airborne training, the Geronimo Battalion moved to the departure airfield in Alexandria, LA. Once at the departure airfield, Geronimo drew and donned parachutes. Jumpmasters performed JMPL to inspect individual parachutes and combat loads. After commanders and leaders performed radio checks and finalized the plan, the first lift of Paratroopers boarded two C-130 Hercules aircraft. The first jumpers exited the aircraft at 2000 on December 11, 2013. Once on the ground, Paratroopers immediately put their weapons into operation, secured their air items, gathered their parachutes, and moved out to Company assembly areas. Leaders, meanwhile, conducted radio checks with subordinate elements and higher headquarters in preparation for follow on operations. The Geronimo Battalion completed this exercise once all three lifts of Paratroopers had linked up in Company assembly areas, and all Companies were postured to conduct subsequent missions.

2/509th PIR conducts jumpmaster inspections in final preparation for Operation VILLIAN (TORCH).

Continuing the long tradition of Airborne proficiency, this Geronimo keeps his feet and knees together prior to landing on Geronimo DZ

1-509th IN (ABN) Yarbborough Mile January 2014

Who: 1-509th IN (ABN)

What: Complete Yarbborough Mile Competition

When: 6 January 2014

Where: Yarbborough Mile Course

Why: To test individual Paratrooper physical fitness and build esprit de corps within platoon teams.

Summary of Training:

Paratroopers are asked to conduct some of the most arduous and difficult missions assigned to our conventional land forces. Their only resources are what they can jump into combat, hump on their backs, or scrounge in enemy territory. They must be extremely physically fit, willing to push themselves to their limits, and be able to rely on the Paratrooper next to them. In accordance with this philosophy, Geronimo Soldiers compete in the Yarbborough Mile biannually. Named in honor of LTG William Yarbborough, the third Battalion Commander of 1-509th, the competition requires Geronimo teams to move several items of combat equipment through rugged and swampy terrain. In this years competition, Geronimo teams lugged a 55 gallon drum, six 5 gallon water cans, six replicated mortar rounds, two replicated AT4s, and one wooden ammo crate over the three mile course. The Battalion Commander, LTC Matthew Tackett, recognized the winning team in front of the Battalion at the completion of the event. For their demonstration of physical endurance and teamwork, the members of HHC/1-509th Team One were awarded the Battalion coin.

Commander's Notes:

The Yarbborough Mile is a tradition within Geronimo that exemplifies the qualities of a Paratrooper. This event is another way that the Geronimo Soldiers continue to demonstrate they deserve recognition as elite members of the Airborne community.

A Geronimo Soldier exhibits best practices for carrying the 55 gallon drum throughout the 3 mile course

The Geronimo teams began the Yarbborough Mile by passing all Soldiers and items of equipment through a watery culvert

Exhausted, but not defeated, these Geronimo catch their breath after the successful completion of the Yarbborough Mile

3-509 IN (ABN) Squad PT Competition

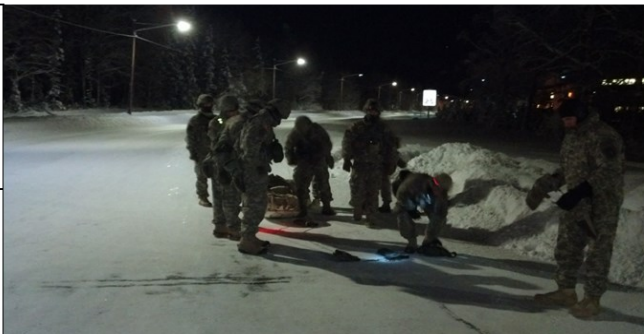

Mission:

Companies provide 3 squads per company and an Ahkio group complete to participate in the BN Squad PT Competition

Key Points:

- Operating as a Squad in an Arctic environment completing 5 tasks comprised of 509 push-ups, 50 Ahkio squats, complete Ahkio set-up and tear down, 50 overhead Ahkio presses, and a 75m Ahkio carry.
- Learning about the effects of cold weather on operations and equipment
- Proficiency in setting up an Ahkio group to the NWTC and USARAK standard
- To increase Esprit DeCorps through a competitive event

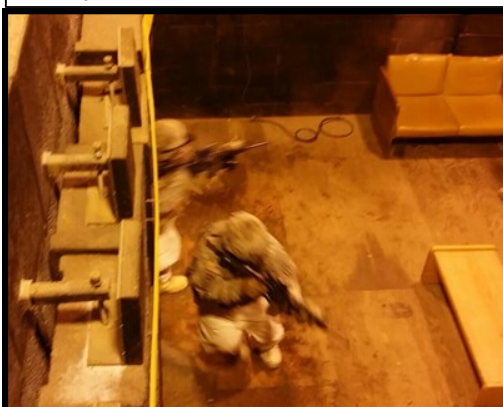

Task: Conduct Squad Level/ Size competition to promote teamwork and Esprit DeCorps within the 3-509th BN

Conditions: Given a Squad sized element and complete Ahkio system to complete the 5 events on the designated course

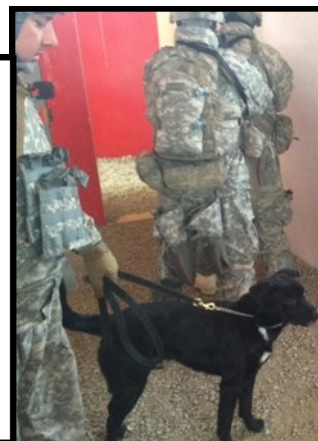

Standards: Complete 5 events within the course in the shortest time possible

Lessons Learned:

- Leaders need to ensure that Soldiers are adhering to the standards for training in an Arctic environment

Paratroopers integrated both ballistic and mechanical breaches as well as working dogs.

Paratroopers clear a room during a live fire iteration.

Ernie Cochran is the 509 PIA Man of the Year!

Ernie Cochran has been chosen as the 509th PIA's Man of the Year. He is very deserving of this honor, as he has spent his own time and effort year after year to help Housman and Associates organize the excellent reunions all of us have come to look forward to and enjoy. On top of everything else he does, he sets up and serves as our bartender and host in the hospitality room, and spends long hours literally lifting all our spirits. Ernie is amazing, not just for remembering the names of those that have attended reunions in the past but also for never forgetting your favorite drink. The field of nominees this year was a strong one, and I know we are all proud to wish congratulations to Ernie. His Grandparents John and Jean Devanie, and his mom, June are proud as well. If you wish to support Ernie at the Atlanta Awards, where he will be honored, please see the flyer on the next page. See you in Atlanta.

Pictured at left are: LTC Patrick Altenburg, and CSM Scott Beeson, of 3/509; and LTC Tackett, and CSM Young, of 1/509 with the 509 Guidon, which will be jumped at Fort Polk in April, during joint 1st and 3rd operations, and will be jumped in Thailand on February 14, in support of Cobra Gold. I wonder if it will be jumped in France for Operation DRAGON/RUGBY?

Below: Members of one of the 3/509 sniper teams firing the new XM 2010 sniper rifle, putting it through its paces. Good shooting guys.

FTX-8th ID reunion July 17-21 Custer, SD, 2014

Generation FTX - 8th ID Reunion Registration Form		2014
